You May Also Need to Know

Pack Lunches

We have our own chef at the nursery who enables us to provide varied, freshly made, and delicious meals focused on providing a healthy, balanced diet. For funded places, parents do have the option to provide packed lunches for their children if you would prefer, which means you would not be charged for nursery meals. To protect the children at the nursery who have various allergies, all packed lunches **MUST** comply with our strict guidelines in terms of food that can be brought into the nursery. If you need more information regarding packed lunches, please discuss with our management team

Help With Childcare Costs

There are various schemes available to parents to help with the cost of childcare. A great source of information is provided via the government website: www.beststartinlife.gov.uk. This website provides the various choices available to parents to help reduce your nursery bill.

Additional support is available such as EYPP (early years pupil premium) and DAF (disability access fund). Please ask your nursery for more information.

The Early Years Pupil Premium (EYPP) is additional funding for early years settings to enhance the education they provide for eligible 2, 3 and 4 year-olds.

DAF is available when help is needed in making your childcare setting more accessible to children with special educational needs and disabilities (SEND). The funding could help make reasonable adjustments to their childcare space, buy special equipment or to pay for special training.

If you would like to discuss the information on this website, please contact one of our management team.

Funded Only Places

Funded only places are currently available. The level of funding you can receive depends on the number of hours you receive from the local authority.

Additional Information

Full Year Sessions Monthly Rates – Upto 30 Hours Funding

Additional Information

Full year fees are calculated based on 51 weeks per year and divided by 12 to define the monthly amount.

A maximum of 1140 hours of funding per academic year are available, depending on the funding available and sessions attended.

To ensure consistent monthly fees, the funded hours are allocated across 12 months.

For example, where 30 hours of funding is available per week, this is allocated across 12 months as 22h 21mins per week e.g. $30 * 38 / 51$. Where 15 hours of funding is available per week, this is allocated across 12 months as 11h 11m hours per week e.g. $15 * 38 / 51$.

Up to a maximum of 30 hours of funding can be included each week (dependent on the sessions below), which equates to a maximum 1140 hours of funding over 12 months.

Full time places receive a 5-week discount, fee calculations are therefore calculated at 46 weeks instead of 51 weeks. Funding calculations are not affected.

Example calculation: A session with funding and chargeable hours – using the example 3 days attended per month and 22h and 21mins funding (30 hours spread across 51 weeks)

Hourly fees: 22h 21m are funded hours and therefore free (£0.00)

This means 7h 39m are chargeable = 7h 39m multiplied by £6.83 = £52.25

Meals (discounted for full day) = £5.81 x 3 = £17.43

Consumables e.g. nappies, wipes = £1.18 x 3 = £3.54

This results in a weekly total of £73.22

Monthly total = £73.22 multiplied by 51 weeks and then divided across 12 monthly invoices is £311.19

Please read in conjunction with Monkey Puzzle's terms and conditions.
